

Thank you for considering doing business with Bay Link Manufacturing. Our job shop has the unique opportunity to provide machining and fabrication services in an educational setting. Bay Link Manufacturing, located within Green Bay West High School, contains quality industrial equipment which allows us to produce products efficiently, accurately, and at a competitive cost. By choosing to work with Bay Link Manufacturing you are providing students with the real world experience of operating a manufacturing job shop. This will ultimately benefit you, the manufacturers of Northeast Wisconsin, by improving the quality of your future workforce. Thank you again for considering Bay Link Manufacturing we look forward to working with you.
